

WesMark Tactical Opportunity Fund

WMKTX

3.31.25 » First Quarter Fact Sheet

Investment Objective

The WesMark Tactical Opportunity Fund seeks to achieve capital appreciation across the business cycle by opportunistically changing the asset allocation mix of the Fund in response to changing prospects for capital market returns. It is expected that during normal market conditions the Fund's allocation to equities or fixed income investments will not exceed 85% of the Fund's assets. The Fund may be appropriate for investors with long-term time horizons who are not sensitive to short-term losses and seek to participate in the long-term growth of the financial markets.

Why WesMark Funds?

Experienced portfolio managers

- The portfolio managers have extensive investment experience and depth of knowledge;
- In addition to managing the WesMark Funds, the portfolio managers also manage fiduciary-account portfolios and as well as the bond portfolio for WesBanco Bank – more than \$7.2 billion in total assets.

Portfolio management strategy

- The Fund seeks to provide growth of investors' capital through dynamically investing across a number of different asset classes to deliver solid risk adjusted returns over business cycle.
- Our strategy is driven by monitoring numerous business cycle indicators, combined with evaluation of fundamentals, valuations, and asset class trends in order to create a more broadly diversified portfolio, which is expected to have lower correlation to broader asset classes.
- Our proactive and disciplined approach has a goal to reduce overall volatility and produce a more consistent compounding of returns.

No-load structure

- All of your investment goes to work for you because no sales charge ("load") is deducted when you purchase WesMark Fund shares.
